SECRETS OF THE TOMBS

You are an explorer making your way along darkened passages of a pyramid in search of treasures from ancient Egypt. However, no attention has been paid to the tales of Ammut, also known as the 'Eater of Hearts', or 'The Devourer'. Will you be able to make your discoveries before being caught by this creature - whose body was a dreaded combination of crocodile, and hippopotamus? - It needs skill, as well as a little luck to collect the treasures and exit the Pyramid alive!

The game is not only immensely playable and fun for all the family: the carefully designed components surround the players with the beauty of Egyptian life and art, making it a truly memorable experience.

GAME BY **MARTIN WALLACE**

BOX ILLUSTRATION BY **FATANEH RAMAZANI**

The boardgame was produced in association with The British Museum, London. All images used in the game, except for the cover painting, are copyright of The British Museum and are used with their permission.
